Kennebec	Late season, good yields, large, thin skinned oval tubers. White flesh, great flavor. Good keeper, good blight resistance.
Norkota Russett	Mid season in maturity, yields smooth skinned, uniform long russet shaped potatoes. Suitable for baking and boiling.
Red Norland	Early round to oval with smooth red skin. Moist flesh is white and outstanding for potatosalad and frying. Vigorous plants, good resistance to scab. Stores well.
Red Pontiac	Mid to late season, thin red skin and white flesh. Heavy yields of large tubers. Stores well.
Yukon Gold	Early/mid season round to oval shape, golden skinned. Medium large tubers with light yellow, medium dry flesh. A very good all purpose potato. Stores well into spring. Resistant to leaf roll and potato virus.
